

SPECIFICATION

The Pull-Through Pro with HDMI cable is an elegant solution to offer guests an easy-to-find access point to use their gaming console or laptop with the in-room television. Compact and weighted to stay in place, the Pull-Through Pro doesn't take up a lot of space and keeps guests from shifting the furniture or television to try and reach the HDMI ports on the back of the TV.

Features

- Provides a permanent HDMI connection to the guest room
- Weighted to stay in place when the cable is pulled
- Built-in security options help prevent theft of base and/or cable
- Stylish, low-profile design with minimal footprint on desk
- Quick and easy installation
- Locking cap for added security
- Includes sturdy acrylic DeskCard holder

Specifications

HDMI cable included

Base is made of zinc with non-marring, non-slip ring
