BATHROOM TECHNOLOGY: MIRROR HEAT PADS

The most important **hidden luxury** in your bathroom.

DEMISTA

MADE IN THE UK

The luxury items that first catch your eye in the bathroom could be the gold taps, the amazing rain shower, the marble tiles or the creative lighting. But the hidden luxury that every bathroom or En-suite cannot do without is the heated mirror pad. The unobtrusive product from *demista*, ensures your bathroom mirror remains steam free at all times.

Often the first choice for designers, architects, interior designers and specifiers, *demista* has become the must have part of any bathroom or En-suite, as the system is probably the simplest and most adaptable item available around the world via *demista's* distributors.

En-suite, even on cabinet doors and vanity units. *Demista* has become the generic name for heated mirror pads, but to avoid imitations, look for the *demista* trademark on the product, all of *demista's* heat pads are completely manufactured in the UK and carry a 10-year warranty.

Prestige projects such as The Ritz in Paris, The Royal Atlantis in Dubai, The Crosby Street Hotel in New York, The Sky View hotel and residences in Dubai, W Hotel Ibiza, The Crown Plaza in St Petersburg, Burj Al Arab and other luxury hotels and homes in India, Australia, Egypt, Barbados and Malaysia can be found in *Demista's* portfolio.

SUSTAINABILITY: POWERING A GREENER FUTURE

At Neo2c, we offer a range of eco-friendly products with benefits that go beyond their functionality such as the **ChargeStation 3** & **Onyx Studio 8**. They are designed with eco-friendly materials and manufacturing processes, reducing their environmental impact. By opting for sustainable options, you contribute to the preservation of natural resources and the reduction of waste. Additionally, these gadgets often incorporate energy-efficient features, promoting energy conservation and reducing your carbon footprint.

Our Onyx Studio 8 and ChargeStation 3 are perfect examples of tech meets sustainability. With their eco-friendly materials and FSC-certified packaging, your guests will be thrilled to go eco alongside the comfort of sound and fast charging.
