

RECONNECT WITH YOUR GUESTS

Power & Charging

ChargePort Duo

- Dual, simultaneous 10-watt wireless charging
- Qi-certified to WPC Qi Version 1.2.4
- USB Type A and Type C smart charging
- USB Type A conforms to Qualcomm Quick Charge 3.0 up to 18 watts
- USB Type C conforms to Power Delivery 3.0 up to 18 watts.
- Intelligent 2-colour indicator to show wireless charging status
- Security bracket to retain power cable and allow fixing to furniture
- Fixing point for optional lanyard

ChargePort Cube

- Compact power and charging solution designed for the guest rooms
- Clamps securely onto the back of a desk or nightstand
- 2 conveniently sited mains outlets, which can supply a total of 13A
- 3 USB charging sockets which can provide up to 15W for fast charging
- 2 x USB A and 1 x USB C (supports Power Delivery)
- Integrated 2 metre mains cable

Mini-Clip Range

- Range of modules for USB charging, AV or data
- Designed to build a custom media solution
- Fast charging USB-A modules featuring Smart Charging
- Power Delivery USB-C module for charging laptops, tablets, and smartphones
- Electrical outlets can be included by using an extender trim (sold separately)

Mini-Clip Desktop

- Brings the flexibility of the Mini-Clip range to the guest room desk or nightstand
- Holds up to four 25mm modules or two 25mm modules and one 50mm module
- Modules can be arranged as desired
- Security options allow attachment to desk using either screws, adhesive pad or lanyard

Dual USB-C Mini-Clip Module (Power Delivery)

- Upper outlet is USB Power Delivery compliant that can deliver up to 50 watts for charging laptops, tablets and smartphones.
- Lower outlet is USB Power Delivery compliant that can deliver up to 18 watts.
- Separate wall charger connects to the Mini-Clip module with USB Type-C cables and employs GaN technology to maximise performance whilst minimising size and heat

PowerHub with USB

- Two power outlets that are available in UK and EU plug configurations
- 2 USB ports: 1 x 2.4A and 1 x 1A
- High-current and fast-charging USB port supports most smart devices
- Can be installed into furniture and other case-goods
- Self-contained unit and simple to install; just connect the power cord and plug into an available mains power socket
- Can be added to the Mini-Clip range with an extender trim

Quick Charge and Power Delivery

- Can feature a single or 2-gang switched sockets with USB Type A and Type C outlets
- The USB type provides 45W max with Type C and 27W when both outlets are used.
- The USB A alone provides 18W max.
- It has an overload and short circuit protection for input and output.
- Customisable plate finishes are available.

Standard and Bespoke Solutions

- Bespoke service in design and production from start to finish
- Custom-built electrical accessories
- Any combination of plates to mix and match
- Perfect for the residential and hospitality sectors
- A unique solution to match your property requirements
